## 1. Nature of operations and going concern

Power Nickel Inc. (the "Company" or "Power Nickel") is a mineral exploration company and is in the business of acquiring and exploring mineral properties in Chile and Canada. On July 9, 2021, the Company changed its name from "Chilean Metals Inc." to "Power Nickel Inc."

The Company is a publicly listed company incorporated in Canada with limited liability under the legislation of the Province of British Columbia. The Company's shares are listed on the TSX Venture Exchange ("TSX-V"), and Santiago Stock Exchange, Venture Market. The head office and principal address of the Company are located at the Canadian Venture Building, 82 Richmond Street East, Suite 202, Toronto, Ontario, M5C 1P1. The Company's registered and records office address is at Suite 700 – 595 Burrard Street, PO Box 49290, Vancouver, British Columbia, Canada, V7X 1S8.

Although the Company has taken steps to verify title to the properties on which it is conducting exploration and in which it has an interest, in accordance with industry standards for the current stage of exploration of such properties, these procedures do not guarantee the Company's title. Property title may be subject to unregistered prior agreements, unregistered claims, aboriginal claims and non-compliance with regulatory and environmental requirements. The Company's property interests may also be subject to increases in taxes and royalties, renegotiation of contracts, and political uncertainty. The Company's Chilean mineral property maintenance payments are in arrears (see note 12) and as a result, the Copiapó Court has been notified by the General Treasury of the Republic of Chile. The Copiapó Court may initiate the auction of the properties. If the Company's claims are put up for auction the Company, as concession holder, is not allowed to place bids on its claims under auction; however, the Company understands that the concession holder may remove a concession from auction by paying the penalty amount which is equal to double the patent amount outstanding. Accordingly, there is a risk that the Company will not be able to retain title to its mineral claims in Chile.

Since December 31, 2019, the outbreak of the novel strain of coronavirus, specifically identified as "COVID-19", has resulted in governments worldwide enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and social distancing, have caused material disruption to businesses globally resulting in an economic slowdown. Global equity markets have experienced significant volatility and weakness. Governments and central banks have reacted with significant monetary and fiscal interventions designed to stabilize economic conditions. The duration and impact of the COVID-19 outbreak is unknown at this time, as is the efficacy of the government and central bank interventions.

These unaudited condensed consolidated interim financial statements have been prepared on the going concern basis, which assumes that the Company will be able to continue as a going concern and realize its assets and discharge its liabilities in the normal course of business. These unaudited condensed consolidated interim financial statements do not reflect any adjustments that may be necessary if the Company is unable to continue as a going concern. During the three and nine months ended September 30, 2023, the Company incurred a net loss of \$4,032,413 and \$8,314,598, respectively (three and nine months ended September 30, 2022 - \$828,803 and \$2,222,022, respectively). As at September 30, 2023, the Company has incurred significant losses since inception totaling \$83,375,445 (December 31, 2022 - \$75,989,295). As at September 30, 2023, the Company has a working capital deficiency of \$3,670,379 (December 31, 2022 - working capital deficiency of \$766,032); the continuing operations of the Company are dependent on its ability to generate future cash flows or obtain additional financing. Management is of the opinion that additional funds will be obtained from external financing to meet the Company's liabilities and commitments as they become due, although there is a risk that additional financing will not be available on a timely basis or on terms acceptable to the Company. These factors indicate the existence of material uncertainties that cast significant doubt as to the Company's ability to continue as a going concern and accordingly use accounting principles applicable to a going concern.

### 2. Basis of presentation

#### *Statement of compliance*

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC").

These unaudited condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by IASB and interpretations issued by IFRIC.

The preparation of financial statements in accordance with International Accounting Standards (IAS) 34 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity or areas where assumptions and estimates are significant to these unaudited condensed consolidated interim financial statements were the same as those that applied to the Company's annual consolidated financial statements as at and for the year ended December 31, 2022, except as noted below.

The same accounting policies and methods of computation are followed in these unaudited condensed consolidated interim financial statements as compared with the most recent annual financial statements as at and for the year ended December 31, 2022. Any subsequent changes to IFRS that are given effect in the Company's annual financial statements for the year ending December 31, 2023 could result in restatement of these unaudited condensed consolidated interim financial statements.

The policies applied in these unaudited condensed consolidated interim financial statements are based on IFRS, which have been applied consistently to all periods presented. These unaudited condensed consolidated interim financial statements were issued and effective as of November 28, 2023, the date the Board of Directors approved the statements.

#### ***New standards adopted***

During the three and nine months ended September 30, 2023, the Company adopted a number of new IFRS standards, interpretations, amendments and improvements of existing standards this includes the amended to IAS 1. These new standards and changes did not have any material impact on the Company's consolidated financial statements.

#### ***New standards not yet adopted***

Certain pronouncements were issued by the IASB or the IFRIC that are mandatory for accounting periods commencing on or after January 1, 2024. Many are not applicable or do not have a significant impact to the Company and have been excluded.

### 4. Mineral exploration expenditures (continued)

#### (b) *Zulema also known as Chicharra Property, Chile*

The Company owns 100% of the rights to certain exploitation concessions and certain exploration concessions in Region III, Chile. See Note 1 and 12 for status of claims in Chile.

#### (c) *Other Properties, Chile*

During the year ended December 31, 2020, the Government of Chile, released the Company from paying for a number of claims which had taxes owing (note 12). These claims related to non-core properties, and properties where the Company had ceased its exploration programs. See Note 1 and 12 for status of claims in Chile.

#### (d) *Nisk Property, British Columbia, Canada*

On December 22, 2020 (the "Effective Date") the Company entered into an option agreement with Critical Elements Limited ("Critical") to acquire a 50% interest in the Nisk property (the "First Option"). Upon completion of the terms of the First Option the Company also has a Second Option to increase its interest from 50% to 80% by incurring or funding additional work in the amount of \$2,200,000 including a Resource Estimate for a period of four years from the effective date of completion of the First Option. On February 24, 2021 ("Closing Date") the Company closed the transaction.

Under the terms of the agreement the requirements to exercise the First Option are:

- (1) Make cash payments totaling \$500,000 to Critical on or before the dates set out below:
  - (i) A non-refundable amount of \$25,000 on the date of execution of the agreement; (paid)
  - (ii) An amount of \$225,000 within five (5) Business Days following the Effective Date; and (paid)
  - (iii) An amount \$250,000 within six (6) months from the Effective Date; (paid)
- (2) issue 12,051,770 Shares within five (5) Business Days following the Effective Date. (issued)
- (3) incur an aggregate of \$2,800,000 of exploration expenditures on the Property on or before the dates set out below:
  - (i) \$500,000 in exploration expenditures on or before the date that is one (1) year from the Closing Date; (completed)
  - (ii) \$800,000 in exploration expenditures on or before the date that is two (2) years from the Closing Date; (completed)
  - (iii) \$1,500,000 in exploration expenditures on or before the date that is three (3) years from Closing Date;

Following the exercise of the First Option Critical will receive a 2% net smelter return from the extraction and production of lithium products, of which the Company may, following the payment of \$2,000,000 in cash, reduce to 1%.

In connection with closing of the Nisk property agreement, the Company issued to Paradox Equity Partners Ltd a finders fee of 668,377 shares on February 24, 2021.

The 12,720,147 common shares issued during the year ended December 31, 2021 in connection with this property option agreement were valued at \$3,943,246 based on the trading price of the Company's shares on the date of issuance.

On August 2, 2023, the Company entered into a piloting and engineering study, with CVMR Corporation to coordinate the production of advanced bench scale, piloting and engineering studies on the Nisk to determine project feasibility. Under the terms of the contract the Company will make payments totaling \$7,500,000 as various milestones are met.

On July 31, 2023, the Company announced that it has exercised its option to acquire 50% of the Nisk project. In addition, the Company has notified Critical Elements Lithium Corp. that it intends to exercise its second option to acquire an additional 30% interest to bring ownership in the project to 80%.

### 4. Mineral exploration expenditures (continued)

#### (e) Golden Ivan, British Columbia, Canada

On January 14, 2021, the Company announced it finalized an option agreement dated October 7, 2020, to acquire 100% of the Golden Ivan property via a series of option payments and work commitments. On June 29, 2021, the agreement was revised to eliminate the cash payments and work commitment and expedite the payment by shares while reducing the overall quantity of shares by 1,000,000 shares from the original agreement. The revised terms are as follows:

- (i) 3,900,000 common shares within five Business Days after receipt of the TSXV Approval. These common shares were valued at \$1,209,000 based on the trading price of the Company's shares on the date of issuance.
- (ii) 6,500,000 common shares on or before June 29, 2021 subject to TSXV Approval. These common shares were valued at \$620,100 based on the trading price of the Company's shares on the date of issuance.

The Company has completed all option payments and has acquired a 100% interest subject only to a 2.5% NSR royalty. The Company retains the option to purchase 40% of this royalty for a one-time payment of \$1,000,000.

### 5. Other liabilities

As at September 30, 2023, the Company has \$55,464 (September 30, 2022 - \$55,464) of accounts payable (the "Statute-barred Claims") to non-current liabilities on the basis that any claims in respect of the Statute-barred Claims were statute-barred under the Limitations Act (British Columbia). The Statute-barred Claims related to expenses billed by and third party liabilities incurred prior to December 2015. However, for accounting purposes under IFRS, a debt can only be removed from the Company's statement of financial position when it is extinguished meaning only when the contract is discharged or canceled or expires. The effect of the Limitations Act is to prevent a creditor from enforcing an obligation but it does not formally extinguish the debt for accounting purposes. It is the position of management of the Company that the Statute-barred Claims cannot be enforced by the creditors. The Statute-barred Claims are required to be reflected on the Company's statement of financial position as a result of the current interpretation of IFRS, but they are classified as long-term liabilities since the Company has no intention or obligation to pay these Statute-barred Claims and the creditors cannot enforce payment of the Statute-barred Claims. While inclusion of these items is intended solely to comply with the requirements of IFRS, the Company in no way acknowledges any of the Statute-barred Claims.

### 6. Issued capital

#### a) Authorized share capital

At September 30, 2023, the authorized share capital consisted of an unlimited number of common shares, non-voting Class A preference shares with a par value of \$4.00 and Class B preference shares with a par value of \$20.00. The common shares do not have a par value. No Class A or Class B preference shares have been issued.

### 12. Commitments and contingencies

#### Consulting

The Company has entered into four consulting agreements with a Director and companies controlled by Directors of the Company. The obligation under these agreements amounts to \$350,000 per year.

#### Flow-through

The Company is obligated to spend \$2,750,000 by December 31, 2023, relating to flow through private placement which closed on November 22, 2022 and \$4,810,000 by December 31, 2024 relating to flow through private placements which closed on March 30, 2023, April 25, 2023 and May 4, 2023. As of September 30, 2023, the Company has spent \$2,199,857 as part of the flow-through funding agreement. The flow-through agreements require the Company to renounce certain tax deductions for Canadian exploration expenditures incurred on the Company's mineral properties to flow-through participants. The Company has indemnified the subscribers for any related tax amounts that become payable by the subscribers as a result of the Company not meeting its expenditure commitments. The Company does not have sufficient working capital to cover its flow-through commitment, and intends to cover its flow-through commitment through additional equity financing.

#### Flow-through indemnification

The flow-through agreements require the Company to renounce certain tax deductions for Canadian exploration expenditures incurred on the Company's mineral properties to flow-through participants. Certain interpretations are required to assess the eligibility of flow-through expenditures that if changed, could result in the denial of renunciation. The Company indemnified the subscribers for any related tax amounts that become payable by the subscribers as a result of the Company not meeting its expenditure commitments. The Company has not fully met all of its expenditure commitments for previous flow-through financings. If the Canadian Revenue Agency ("CRA") determined that the Company was not compliant with their flow-through expenditure commitments, the Company may be liable to indemnify subscribers for any related tax amounts. No provision has been recorded in these unaudited condensed consolidated interim financial statements related to this contingency as various triggering events have not taken place.

The Company has estimated potential Part XII.6 taxes in relation to unspent flow-through expenditures for fiscal 2018-2019. As at September 30, 2023, the Company accrued \$32,163 (December 31, 2022 - \$32,163) for Part XII.6 taxes interest and penalties.

#### Environmental and legal

The Company's operations are subject to government environmental protection legislation. Environmental consequences are difficult to identify in terms of results, timetable and impact. At this time, to management's best knowledge, the Company's operations are in compliance with current laws and regulations.

The Company is subject to various claims, lawsuits and other complaints arising in the ordinary course of business. The Company records provisions for losses when claims become probable and the amounts are estimable. Although the outcome of such matters cannot be determined, it is the opinion of management that the final resolution of these matters will not have a material adverse effect on the Company's financial condition, operations or liquidity.

#### Property taxes

As at September 30, 2023, the Company has unpaid property tax for various mineral exploration property claims totaling approximately 401,497,662 Chilean Pesos (\$686,561) (December 31, 2022 - 509,623,592 Chilean Pesos (\$815,398)) which has been included in accounts payable and accrued liabilities as at September 30, 2023. In the event that the claims are put up for tax auction, the Company expects to have a notice period to make the payment for the portion of this amount required (note 1). The property tax commitment for 2023 fiscal year is 80,880,330 Chilean Pesos (\$129,409).

#### 13. Subsequent events

On October 16, 2023, the Company announced that it has proposed private placement of \$2.75 million in new equity capital to pursue exploration expansion at Nisk the Companies flagship Nickel PGM project near Nemiscau Quebec. The Company proposes the sale of 4,000,000 Flow-Through units of the Company, at a price of \$0.50 per FT Unit, for gross proceeds of \$2,000,000 and an additional up to 3,000,000 non-flow-through units (each an "NFT Unit") at a price of \$0.25 per NFT Unit for aggregate total proceeds of \$2,750,000. The issue will be non brokered.

On October 24, 2023, the Company announced it closed the first tranche of the private placement for 4,000,000 flow-through units, at a price of \$0.50 per FT Unit, for gross proceeds of \$2,000,000. Each FT Unit is composed of one flow-through common share, and one-half of one transferable non-flow-through warrant. Each warrant is exercisable into one non-flow-through common share at an exercise price of \$0.50 for three years from the date of issuance. The warrants are subject to an acceleration clause that entitles the Company to provide notice to holders that the warrants will expire 30 days from the date the Company delivers the Acceleration Notice. The Company can only provide the Acceleration Notice if the closing price of the Company's Common Shares on the TSXV is equal to or greater than \$1.00 for ten consecutive trading days.

On October 25, 2023, the Company announced that it will hold it's annual general meeting on December 20, 2023.

On November 14, 2023, the Company announced that it has closed the previously announced private placement of non-flow-through units at a price of \$0.25 per Unit. In connection with closing the Offering, the Company issued an aggregate of 2,820,000 Units for gross proceeds of \$705,000. Each Unit is comprised of one common share and one-half of one share purchase warrant. Each Warrant is exercisable to acquire one common share of the Company at a price of \$0.50 per share for a period of three years from the date of issuance (subject to acceleration). At any time starting four months and one day from the date of issuance of the Warrants, the expiry date of the Warrants can be accelerated at the election of the Company if the closing price of the common shares of the Company on the TSX Venture Exchange is equal or greater than \$1.00 for ten consecutive trading days. If the Company elects to accelerate the expiry date of the Warrants, the Company will provide notice to the holders of the Warrants, following which the Warrants will expire if not exercised within 30 days from the date of the notice.

On November 20, 2023, the Company announced the continuation of its agreement with CVMR Corporation ("CVMR"), who is coordinating the production of advanced bench scale, piloting, and engineering studies on the Nisk Nickel Sulfide Project near Nemaska, Quebec to determine project feasibility. The agreement is staged, allowing for Power Nickel and CVMR to work together on various stages of engineering studies. WCPD Group will organize a consortium of Quebec-based investors who will make an initial investment of \$2.75 million representing 3,055,556 Flow-Through shares at \$0.90 per share. As part of the process, CVMR will acquire these shares from the front-end purchasers for \$0.45 per share. Each FT share will be composed of one common share of the Company.
